From August 15 to August 25, 1982 in the town of Sofia — the Capital of People's Republic of Bulgaria the Second International Assembly „Banner of Peace" will be held. The motto of the Assembly is "Unity, Creativity, Beauty."

For a second time Bulgaria hospitably welcomes thousands of children from the fifth continents of the world — young musicians, poets, artists, technicians, constructors, investigators and sportsmen.

The symbol of the Assembly is the Monument „Banner of Peace", where children from all over the world have sent bells, expressing their will to grow up and to create in peace.

Lyudmila Zhivkova (1942—1981) — the remarkable daughter of the Bulgarian people, an eminent cultural, state and political worker is the initiator and the inspirer of the Assembly „Banner of Peace".
